

Luminol

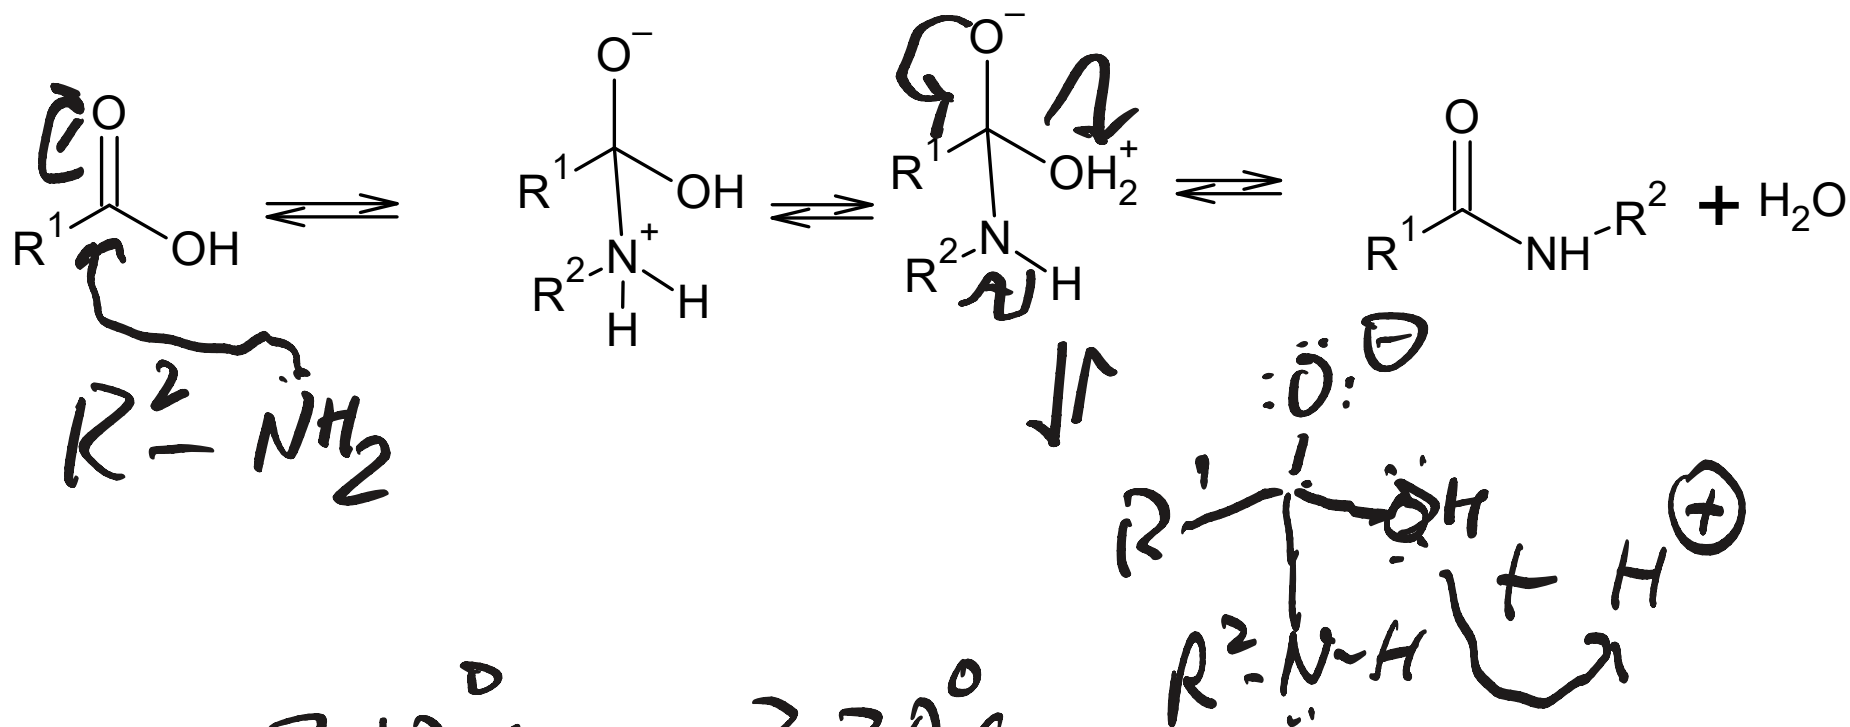

220C

8/3/26

amide

210°C - 220°C

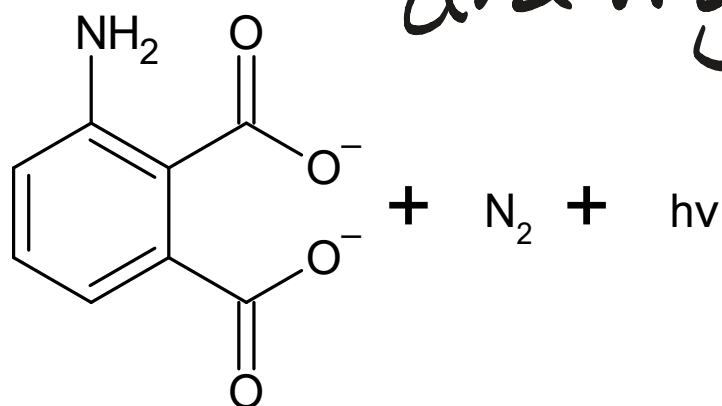

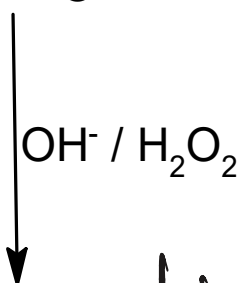

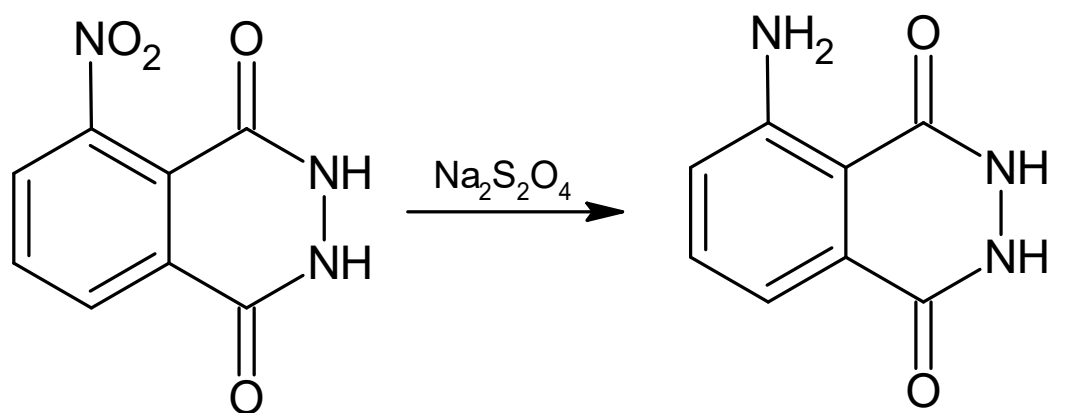

1. dissolved in solution?

2. heat?

3. safety

a. pressure

b. High BP solvent

did it glow?

Chemiluminescent Reaction

1. time F milli:sec P seconds
 2 color Blue/green Red
 $E = h\nu$
